

Serving the Gold Coast for over 20 years.

All our access equipment is new or near-new and the following great features will make your job easier and safer:

- Slab scissor lifts are fitted with special non-marking tyres.
- Rough terrain scissor lifts are fitted with four wheel drive steering to get into those tight spaces.
- The Hinowa Goldlift and the 19' scissor lifts will fit through a standard doorway.
- The Hinowa Goldlifts and the 19' scissor lifts come on their own trailers so you can pickup and move them around to multiple jobs yourself.
- The Hinowa Goldlift is a dual powered machine using a diesel motor outside and an electric motor for inside use.
- All scissor lifts can be driven at full working height (subject to suitable conditions).
- Cherry pickers, Hinowas and rough terrain scissor lifts are fitted with outriggers for safety and quick set-up.
- Our friendly, helpful and experienced staff are committed to ongoing customer satisfaction.
